

## About Us

At MusicMediaFactory.com, our goal is to transform the music industry into a cutting edge web 2.0 industry by leveraging new technology, innovative ideas and intellectual capital. As the web expands, users want better and faster ways to find the most relevant and up to date music.

We offer multiple services to our customers including access to a fully equipped recording studio, cd editing and mastering as well as promotion, online distribution and show booking. As a music label, we also from time to time hand pick the best of the best and produce their album. If you are interested in getting produced, please send a mix tape or mp3 to [info@musicmediafactory.com](mailto:info@musicmediafactory.com)

Here's a small taste of what we can offer:

- Digital and HD Recording facilities
- Editing and mastering services
- Online promotion
- Show booking
- Album production
